Congratulations!

You have been given the opportunity to work at one of the UK's most forward-thinking universities, The University of Lincoln.

We've witnessed many cases where a new employee has received their relocation package but not spent it as wisely as they could have. Upon reflection, this seems to be a simple case of not knowing what kind of help can be offered. In this brochure, we'll lay out the benefits of using a Destination Service Provider.

The relocation journey is a journey like any other. It can lead you to encounter things you haven't seen before, people you've not met before and can result in you spending more money than you first expected.

Relocation Support's value is in the experience that they have in successfully guiding thousands of people through their assignments. They are our DSP of choice to guide you through your journey from A to B, without any unexpected detours along the way!

Finding Somewhere to Live

We know that finding somewhere to live in an unknown area can be tough. It's time consuming and stressful.

If you use the University of Lincoln's preferred destination service provider, Relocation Support Services (RSS), you'll have a dedicated point of contact who will coordinate the entire move.

Your friendly RSS point of contact will invest time in learning your requirements. Then, together with a designated Area Specialist, they'll prepare an itinerary consisting of properties that meet those requirements. This means that you don't have to do much at all when it comes to looking for somewhere to live.

Doing these jobs yourself are time consuming and confusing. RSS make it easy.

Looking at the Properties

Once RSS have presented you with a list of suggested properties, it's time to go and view them. The Area Specialist will accompany you to the properties and ask the kind of questions that only the experts know to ask.

Letting agents have a tight schedule and being on-time is important for all parties. RSS will make sure you get there on time, don't get lost along the way, and find out all of the information you need.

Once you decide which property is the perfect one for you RSS can assist in making a suitable offer. After placing the offer, RSS will continue to support you by overseeing the negotiations as well as preparation of the paperwork and tenancy agreement.

The Paperwork

The paperwork consists of reference checks, financial checks and a tenancy agreement full of complicated terminology.

RSS are experts in UK lettings and can explain the documents in a clear way. They can also take care of the paperwork for you, where possible, so you can get back to exploring Lincoln.

Council, Gas, Electric, Water, Internet etc.

Once the property is secured and the paperwork is signed, it's almost time to move. RSS will make sure that utilities such as internet, hot water, electricity and gas are all set up and ready for when you move in.

Once again, doing this yourself is very time consuming and you may end up paying more than you should RSS will make sure you get the best deals and that it is all set up before you move in.

Getting You Settled

RSS continue to offer support and guidance after the move is complete. They'll provide you with a "Settling-In Pack" which will consist of useful information to help you feel comfortable in your new surroundings, including: Doctors & Hospitals, Supermarkets & Shops as well as local leisure activities.

RSS are also on hand to contact the relevant maintenance personnel if you have an issue.

So, there you have it. Using a destination service provider to manage your move is the safest and most stress-free option.

But Don't Just Take Our Word For It:

Helpfulness and professionalism

"Please do not underestimate my gratitude to you for all of your helpfulness and professionalism throughout this process. There were times when I wanted to pull my hair out dealing with some people but you were nothing but helpful and responsive in every way imagina-
