# University of Lincoln

## Guidance for those demonstrating their 'Right to Work' via IDVT

#### **Background**

The University of Lincoln utilise Trust ID, a certified government 'Digital Identity Service Provider' (IDSP), to carry out digital identity checks on the University's behalf for UK/Irish passport holders who are otherwise unable to demonstrate their 'Right to Work' remotely.

Alternative options to demonstrate a 'Right to Work' include, attending the University of Lincoln campus with original 'Right to Work' documentation to verify in-person.

#### Using IDVT

Where an individual opts to use Identification Validation Technology (IDVT) to demonstrate their 'Right to Work' it will involve uploading an in-date UK/Irish passport and providing a 'selfie' to validate the documentation, followed by a verification video call with a University of Lincoln colleague.

It is important to note the following:

- An individual can only upload their own documentation
- The service can only verify in-date UK/Irish passports or Irish passport cards
- The 'selfie' must be of equivalent quality to a passport style photo
- Once the check has been initiated, correspondence will be sent to an individuals email address from cloud@TrustID.co.uk
- The PPC Department will cover the cost of the check

## **Document Upload**

- 1. You will receive an email from <a href="mailto:cloud@trustid.co.uk">cloud@trustid.co.uk</a> on behalf of the University of Lincoln
- 2. Login using the credentials provided at <u>rtw.trustid.co.uk</u>

3. To start a new check, select 'New Check'

		Do all documents appear genuine?	Yes	Do any work restrictions apply?	Applicable	
				Names consistent across documents?	Not Applicable	
				Is a follow up check required?	No	
				Date follow up check required?		
Status Notes	Adjusted check undertaken on the date above in this Report due to Coxid-19.					
	Please note: You will need to conduct a retrospective check once the measures have ended. For more information go to: https://www.gov.uk/guidance/coronavirus_covid-19-					
Pinht to Work Status	right to work checks					
Togin to troit status	On the basis of the documents supplied and the Right to Work checks listed opposite.					
This report is prepared st	rictly for the benefit of the purchaser of the TrustID	) system				
that generated it and is s	ubject to TrustID terms and conditions as supplied.	CONFIDENTIAL				

#### 10. Check The verification is listed as 'Passed'

If there are any 'alerts' then these will be listed in red, where the identity has not been verified, in these instances you will need to send the applicant a new link and advise that the check has not been verified. Typical examples may be that; the passport has not been uploaded in full i.e. missing some of the passport number or the selfie lighting is not sufficient/too much glare. Contact PPC who will support as required.

10a. Example – failed verification

# 11. Likeness Check

Download the report and arrange a video call with the applicant to undertake a 'likeness' check. In the presence of the employee review the 'Digital Identity Right to Work Check' provided by Trust ID and check:

- the photographs are consistent with the appearance of the individual (this means you must see them in person via video call)
- check dates of birth listed are consistent across documents and that you are satisfied that these correspond with the appearance of the individual.
- Please then add a note to the PDF: "The date on which this `likeness' check was made: [DATE and TIME]" + signature & printed name.
- Submit the completed form to the casual worker process as usual: <u>Entitlement to work in the UK – People, Performance and Culture</u> <u>(lincoln.ac.uk)</u>
- It is important that you confidentially destroy/delete the right to work documentation once it has been saved in the correct location.
